

THE EDUCATION CONUNDRUM

Education levels don't necessarily have much to do with homeownership rates.

Across all education levels, the majority of people intend to stay in their house as long as possible.

of people with high school or less

with some college/vocational school

of college graduates

with some grad school or more

* Please note that survey participants had several timeframe options for when they might buy a house.

LONDON
PROPERTIES

22%

of people with some grad school or more plan to buy a house in the next 2-5 years

vs.

16%

who have a high school education or less plan to buy a house in the next 2-5 years
