MEDIA RELEASE

London Properties Provides 182 Bikes for Fresno Unified Students

What: London Properties will present bicycles to Fremont Elementary School, one of four district schools that will be receiving bicycles

When: Thursday, Dec. 14, 2017
8:30 a.m. – primary grades
9:15 a.m. – intermediate grades

Where: Fremont Elementary School
1005 W. Weldon Ave. (93705)

London Properties will gift 53 bicycles to students at Fremont Elementary School and a total of 182 bikes during the week to Fresno Unified students. Along with Fremont, bikes will be given to students at Muir Elementary School, Cooper Academy (grades 6-8) and Fort Miller Middle School. In total, throughout the Valley, London Properties is gifting over 360 bicycles as well as helmets and locks. Students receiving the bicycles were nominated by their teachers based on their hard work, effort, attendance and character.

“We wanted to start something really cool this year and give a group of deserving kids something special,” said Patrick Conner, president of London Properties. “We received tremendous support from our associates, staff, clients and the communities we serve. A nice bonus was that in assembling the 360 bikes, we provided another avenue for people to give and make a difference.”

Superintendent Bob Nelson said the donation of bicycles is an example of community support for Fresno Unified students.

“We are extremely grateful to London Properties and their clients for their donation of 182 bicycles to our students. The support of our generous community makes a huge difference for our students and our schools,” said Superintendent Bob Nelson.
